

K-Love is an outreach tool for the communities it serves. Not only does it minister to its predominant Christian audience, but it reaches out to the lost and weary (e.g. homeless, battered women, single mothers, low-income families, etc.). There are hundreds of thousands of listeners in San Antonio alone and it would be devastating to lose such an encouraging Christ centered FM translator station. There is plenty of trash on the air today that misleads our youth and gives them a false sense of direction. K-Love counters that and gives them hope by communicating that God loves them and desires a personal relationship with Him through His Son Jesus Christ.

K-Love serves not only its Christian listeners, but helps communities, church programs (e.g. inter-city ministries, food pantries, rescue missions, children's ministries, prison ministries, etc.), law-enforcement and rehabilitation facilities. There is so much at stake when you consider replacing FM Translators with LPFM. K-Love is a not-for-profit organization and its sole purpose is to minister, educate, offer guidance, and help others in need. K-Love is listener supported and many community programs aforementioned are supported by churches and not local governments. Some local governments are beginning to work with churches because they realize the success of these programs and their impact on the communities. Therefore putting an end to FM Translators would not only hurt many local programs, but would remove a source of inspiration for millions of people in this country.

Thank you for your time and have a great day.
